Exam Review

Cain Susko

Queen's University
School of Computing

April 4, 2022

What To Expect

It will be at:

<div align="center">

Chernoff Auditorium

Tuesday, April 19, 9:00am

</div>

The exam will be:

- in person, bring **Queens ID** and seQure app.

- 3 Hour closed book exam

- aids allowed: 1 two sided 8.5 inch sheet of notes (can be printed, typed etc.)

What is Covered

The exam covers all the meterial in the course (although computablility questions may be easy cause we didnt cover it much). The sections is the textbook are:

- Part A ch. 1-4

- Part B ch. 7-11

- Part D ch. 12

Note: there is no part B.
Loop verification and these kind of questions will be the most difficult and is should focus on those for studying. (proof tableaus etc.)
There will be about 10 questions on the exam.
